

TRIZ FUTURE CONFERENCE 2010

3 - 5 November 2010 - Bergamo - Italy

CALL FOR PAPERS TRIZ FUTURE CONFERENCE 2010

OVERVIEW

The 10th ETRIA World TRIZ Future Conference which will take place in **BERGAMO (Italy), 3rd – 5th of November 2010**. The Conference is organized by the University of Bergamo (<http://www.unibg.it>) and ETRIA – European TRIZ (<http://etria.net>). It is sponsored by CIRP (www.cirp.net), the international Academy for Production Engineering and by Apeiron – Italian Association for Reason-Based Innovation (<http://www.apeiron-triz.org>).

The Conference will be focused on the process of **systematic innovation, TRIZ best practices, related research activities, and applications in industry and education**.

The Conference aims at linking industrial companies, research centres, educational organizations and individuals to **share the experience on systematic innovation and promote TRIZ diffusion worldwide**. It will provide an **international forum** for exchanging new ideas on TRIZ and knowledge-based innovation, presenting recent achievements by the TRIZ community and enabling further advances and collaboration also with the industrial community.

The official language is English.

CALL FOR PAPERS

The conference foresees **two types of contributions: scientific and practitioner**. Scientific contributions deal with theoretic research on TRIZ and the development thereof. Practitioner contributions typically deal with applied TRIZ experiences and developments in academics, industry and education. Two **paper options** are available:

- A **full paper** (minimum 6 pages) for both scientific and practitioner contributions.
- A **short paper** (maximum 2 pages) only open for practitioner contributions.
